

Cudmore Grove CountryPark

Visit *Parks* - Discover our parks and open spaces

Facilities include:

Information room, light refreshments (seasonal opening times), bird hide, toilets including disabled and baby changing facilities, picnic areas and horse and cycle routes.

Car parking £2. Car park season tickets are available.

How to find us

By car: Follow the B1025 for 10 miles south of Colchester to Mersea Island and take the left hand fork to East Mersea for three miles. The Country Park is at the end of Bromans Lane. The route is well signposted.

Easy Access: Cudmore is a flat site with fine views and easy walking ground mostly accessible by wheel chair.

Opening times: Daily from 8am to dusk.

Experience peaceful costal walks along the sea wall taking in the remains of the tudor fort, explore the shore and watch the wildlife. Enjoy the open grassland behind the sandy beach, great for picnics, games or relaxing with a good book.

Spring and autumn sees a variety of visitors passing through from all over the world! Migrating birds often stop here as they arrive on the East coast. Some stay for the summer, others are just passing through, and occasionally rare and unexpected birds arrive, blown off course by off shore winds.

Hot summer days are always popular at Cudmore, attracting those looking for a cooling sea breeze and sandy beach; an added attraction in the summer is the foot ferry to and from Brightlingsea.

The winter at Cudmore brings with it a variety of wading birds and wildfowl, including large flocks of Brent Geese which come to feed on the grazing marshes.

The rangers run events through out the year, from adder watching to children's summer seaside activity days.
