

## Notice to Mariners

### Fingringhoe Ranges: Saltmarsh Restoration

Works are to be conducted between the 17<sup>th</sup> – 24<sup>th</sup> of April by Exo Environmental Ltd on the installation of brushwood fencing and coir matting to restore the saltmarsh and provide protection to the seawall at the Fingringhoe ranges.

These installations will be completed in the intertidal area of the north bank of Pyefleet Chaneel in front of the seawall. Mariners should be aware therefore that brushwood posts will be present in this area and should be wary of navigating the channel outside the subtidal area.

For any additional information or enquiries please contact us at: [enquiries@exo-env.co.uk](mailto:enquiries@exo-env.co.uk).
